

LONDON HAS THE BIGGEST WEDDING OF THE YEAR

LONDON, April 12.—The biggest society wedding of the year took place today at St. Peter's church, Eaton Square, when the Marquis of Stafford, son and heir of the Duke of Sutherland, Britain's greatest landowner, was married to Lady Ellen Butler, daughter of the Earl and Countess of Lanesborough.

The bridegroom is 23 years of age, and his father owns about 1,538,000 acres, or more than one-sixteenth of the entire United Kingdom. From these estates alone he draws a yearly income of over a million dollars, and he also owns huge tracts of land in Canada.

The bride, who is two years younger, is one of the most beautiful and popular girls in society, and has many friends in America and Canada. Her father was military secretary of Earl Grey at Ottawa, and served with distinction in the South African war.

The wedding presents are magnificent, and include gifts from King George, Queen Mary and other members of the royal family.

The Duke of Sutherland owns so much of Scotland, that the late Shah of Persia, when in England some fifteen years ago, seriously advised King Edward to have him strangled, as being too powerful a subject.

LARGE PERCENT OF INFANTS DIE IN GERMANY

BERLIN, April 12.—Dwelling upon the tremendous infant mortality in Germany, Erich Schlackler, in reviewing the new book "The Proletarian Child," by Albert Langen, gives some startling figures and paints a gloomy picture of Germany. He says:

"The children of poverty hunger before they are born. They come into the world ill-developed, weaker than the children of plenty and with such low resistant powers that infant mortality rages in their ranks like an epidemic. The blind, the crippled, are principally recruited from their ranks and they are the particular victims of scrofula and tuberculosis."

"Even the ministry of the interior admits that this is due to lack of nourishment and lack of care of the new born—inevitable results of woman's labors on the farms and industrial employment. In the kingdom of Saxony, where women labor as no where else in Germany, 18.8 per cent of the new born die. In all Germany 17.7 per cent. That is the average, but in Langenheide 54 per cent of the infants died. The average for Berlin is 18.1 per cent. If anything is necessary to show the handicap under which the child of poverty comes into the world, the statistics show that in the Thirteenth section, the very wealthy residential part of Berlin, 5.2 per cent of the infants died as against 42 per cent in Wedding, the proletarian quarter of the city."

BEGIN IT TODAY

That good old saying, "A stitch in time saves nine," is proved over and over in our daily life.

For example, when you begin to feel out of sorts, don't want to eat, and don't seem as strong as usual, if you would begin right away to use Vinol, our delicious cod liver and iron preparation without oil, you could easily put yourself in good trim again with one bottle, or less. But when you wait and grow worse all the time, it is bound to take more.

We just got a letter from Mrs. Mary Glynn of Mt. Vernon, N. Y., who says: "When my health became rundown last March I took prompt action to improve it and was told that Vinol was the best thing to build me up. Using one bottle of Vinol has made me well and strong again."

Don't put off another day. If you feel the need of more strength and better blood, or if one of your family is weak and sickly, Vinol will give renewed strength and energy. If it does not, we will give you back your money. Miners' Drug Store, Inc., Tonopah, Nev.

If you want to sell your goods use the columns of the Bonanza. It gets results.

GOOD PROGRAM AT THE BUTLER THIS EVENING

"When Memory Calls," a strong dramatic adaptation of one of literature's sweetest tales. It is a wholesome heart interest story. It for every occasion, and one of the sweetest stories released by Selig in many days. "The Bell of Penance," a Kaleidoscope. This tale of a Spanish California mission episode, "Jerusalem," a very interesting travelogue picture. "New York City Street Cleaning." With the co-operation of the New York street cleaning department the Edison company has produced a film that will enlighten the outsider as to the various methods employed in that city.

"The Lost Kitten," the story in this Edison comedy is delightfully unique and is played with just the right touch. Monday we will exhibit the "Passion Play." When properly equipped and presented there is not an attraction before the world today in the way of an entertainment, so impressive, so pleasing, soul-stirring, heart-reaching and uplifting as is this wonderful creation in moving picture form.

Tomorrow afternoon, Punch and Judy show for the children.

NO SHINE; NO SEAL; "U. S. IS WORSE THAN RUSSIA"

WORLDWALKER THREATENS TO TEAR UP CITIZENSHIP PAPERS BEFORE THE Czar.

SAN FRANCISCO, April 12.—His name is Edie Koodinoph. Kindly remember it, for you may hear it again in the next few months, when Mr. Koodinoph begins to tell Europe his opinion of the United States of America in general, and

of San Francisco in particular.

Koodinoph has a grievance. He started some months ago to walk from New York to San Francisco, making his way by shining shoes. He made it a point to polish the mayor's boots in each town that he visited, which fact is gratefully attested by the recipients of his bounty, the list being headed by the chief executive of Lorraine, O.

Reaching San Francisco, Koodinoph called to shine Mayor Rolph's shoes. Secretary Rajner was sorry, but the mayor didn't need a shine. Koodinoph then demanded that the seal of the city be stamped upon a leaf in his notebook. Denied this, Koodinoph's regard for this country changed to hate.

"Russia is better than this country," declared Koodinoph. "Back to the czar I will go and tear up my United States citizenship papers in his presence. Better kings and emperors than a city like this, where the mayor will not permit a man to shine his shoes! Better oppression in Siberia than live in a city without a seal! In my heart's blood I will write my opinions of America. I will tell everybody to stay away from the fair. Bo-o-h! I will get my revenge! America will remember the name of Koodinoph."

"A hat the United States, where the mayor is too haughty to have his shoes shined."

"I go, but remember my name—Koodinoph."

Why Send Out of Town for Your Printing

When you can have first-class work done right here, by first-class union printers.

The business man who sends out of town for his printing injures his own business as well as that of others. While on the other hand the man who patronizes home institutions increases the town's pay roll, and thereby builds up his business.

The printers and book binders in the cities of surrounding states do not come here to spend their money.
